Dear Mr. Rieflin,

On behalf of Providence Housing Development Corporation (PHDC), I am pleased to offer our support to Consumer Credit Counseling Services of Rochester's (CCCSR) application for ARPA funding to support expansion of your Driven2Success program. As an agency that focuses on housing homeless persons with disabilities in our permanent supportive housing programs and homeless persons in Tempro Emergency Shelter, we understand the need for participants to participate and master financial literacy and to use that knowledge to manage finances and purchase necessary resources (like a vehicle). We find services at CCCSR extremely beneficial to PHDC participants and know you provide critical knowledge and resources in this community.

If we receive ARPA funding and can begin our Door of Hope program, we hope you will share information about our program with anyone your staff may know who are experiencing DV or HT. We would be happy to work with them about their options and work through solutions.

We appreciate you and look forward to the partnership.

Grants Program Director and
Director of Tempro Emergency Shelter
