Monroe County Legislature

Subject: Authorization of Intermunicipal Agreement with the Spencerport Fire District for the Purchase of a LUCUS Automated Chest Compression Device

Honorable Legislators:

Over the past year, our local first responders have been forced to work on the frontlines of a global pandemic whilst administering life-saving procedures in close contact. Despite an airborne illness and expert recommendations of six-foot distancing, masking, and more, local first responders are often encountered with situations where these safety measures are unattainable in full. Regardless, our fire departments, law enforcement agencies, and EMTs have continued their passionate public service throughout.

While we have all worked to ensure their protection through allocations of PPE and other support, there is much room for growth and improvement. On top of the current pandemic induced dangers, many of our volunteer first-responder agencies are faced with lowering staff numbers and dwindling finances. This has resulted in an increased need to modernize and improve our life-saving strategies.

Technology has allowed for great improvements to be made in the sphere of such life-saving devices. In CPR, there are new devices, such as the LUCUS Chest Compression System, that can be utilized for automated active compression/decompression in those suffering cardiac arrest. The device has a multi-faceted benefit to fire responders including increased ability to meet COVID-19 infection mitigation recommendations, and based upon available clinical evidence, use of the LUCUS device results in greater effectiveness, less injury to CPR recipients, increased ROSC rates and improved survival with good neurological outcomes, increased blood flow to the brain and sustainment of coronary perfusion pressures and less interruptions.

Utilizing the once-in-a-lifetime funding available to municipalities across America, over 2,000 LUCUS device systems have been purchased utilizing CARES Act and ARPA funding. Locally, both Eden Emergency Squad and Erie County EMS have received funding allocations for the purchase of the same device. The Spencerport Fire District seeks to join in this nationwide modernization to improve its effective, safety and future success.

The specific legislative actions required is to authorize the County Executive, or his designee, to execute an intermunicipal agreement with the Spencerport Fire District for the Purchase of a LUCUS Automated Chest Compression Device in an amount not to exceed \$19,507.75 for the period September 1, 2021 through December 31, 2021.

This is a Type II Action pursuant to 6 NYCRR 617.5(c) (26) (“routine of continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to further review under the State Environmental Quality Review Act.

Funding for this agreement is included in the 2021 operating budget, general fund 9001, funds center 120907100.

Respectfully Submitted,

HUMAN SERVICES -L
WAYS & MEANS

Subject: Authorize Funding for a Position at the Cornell Cooperative Extension of Monroe County to Expand the Existing Cornell Cooperative Extension Nutrition Program and Strengthen Cornell Cooperative Extension Public Health Outreach

Honorable Legislators:

Cornell Cooperative Extension and Monroe County have had a strong partnership since CCE-Monroe was started in 1913. CCE-Monroe operates outreach programs addressing food security, nutrition disparities, workforce training for unemployed or underemployed and youth & family outreach and support are just a few of the services provided by CCE-Monroe.

As a current partner with the Northeast Finger Lakes SNAP Education Team, CCE-Monroe provides 4 grant funded full time SNAP educators to work in the neighborhoods in our region that have some of the highest concentrations of poverty and obesity not only here in Monroe County, but in the entire country. Currently due to grant restrictions these educators are unable to serve residents outside of the Rochester, East Irondequoit, and Gates-Chili. This leaves a gaping hole in coverage with an estimated 450,000 Monroe County Residents without access to nutritional education and resources.

This referral will authorize \$65,000 in Community Contingency Fund money to be utilized to immediately expand this program and allow CCE-Monroe to facilitate the hiring of an additional General Nutrition Educator. By expanding the number of residents served under the SNAP grant CCE-Monroe will be able to provide further capacity to strengthen areas of public health outreach throughout our community.

This jumpstart funding of \$65,000 will cover \$58,000 in salary costs, \$1,000 in "Fringe Expenses" for unemployment insurance & workers comp benefits, Cornell University handles the bulk of employee benefits package and \$6,000 in "Non-Personal Services" including mileage, printing, teaching supplies etc., with the expectation this position be funded in the upcoming 2022 Monroe County Budget. The Coronavirus pandemic alerted CCE-Monroe to the need for additional staffing in this program. Through the Community Contingency Fund, the legislature can facilitate having this position funded and filled as soon as possible instead of early 2022.

The specific legislative actions required are:

1. Authorize the transfer of \$65,000 from general fund 9001, fund center 1001020000, Community Contingency Fund, to make available sufficient appropriations for the addition of one (1) full-time General Nutrition Educator at Monroe County – Cornell Cooperative Extension.
2. Amend the 2021 operating budget of the Monroe County - Cornell Cooperative Extension by appropriating the sum of \$65,000 within general fund 9001 from fund center 1001020000, Community Contingency Fund to funds center 504215, Cooperative Extension/Soil and Water District for the express purpose of funding one (1) full-time General Nutrition Educator at Monroe County - Cornell Cooperative Extension.

The legislative action requested in this referral is not an “Action,” as that term is defined in 6 NYCRR § 617.2(b), and is not subject to review under the State Environmental Quality Review Act.

This action will have no impact on the revenues or expenditures of the current Monroe County budget.

PUBLIC SAFETY -L
WAYS & MEANS

Subject: Authorize the Allocation of Emergency Grant Funding to the Gates Volunteer Ambulance Service to Reimburse Expenditures Incurred During the COVID-19 Pandemic

Honorable Legislators:

During some of the most difficult times of the COVID-19 pandemic, our emergency service providers have been diligent in protecting all residents. While the vast majority of residents protected each other by staying distant and refraining from gathering in unsafe areas due to ease of spread, these brave individuals faced the brunt of the public health crisis on a daily basis. It is because of their rapid and effective response that the current health of Monroe County is intact and COVID-19 infection rates are dropping. In March of 2021, the American Rescue Plan Act (Pub L. No. 117-2) was signed into law.

In the Town of Gates, the ability for the Gates Volunteer Ambulance Service (GVAS) to respond to the public health crisis quickly and effectively was due to purchasing necessary supplies and funding pertinent levels of operation to address the needs of the local area while infection rates were most concerning. Specifically, items including Personal Protective Equipment (PPE) for crews to wear, medical equipment for airway management that could not be reused, and disinfectants to clean the equipment, vehicles and buildings were quickly acquired in order to save lives.

Additionally, there were vital technological purchases such as infrastructure for video conferencing several times a day with staff, town, and county leaders along with VPN software to work remotely and limit possible exposure to their leadership team to keep operations going 24/7. GVAS also incurred some loss of equipment and uniforms through the increased need of services, including a stretcher mattress and several member's uniforms that could no longer be worn and needed to be replaced. This is mainly due to both excessive washing (sometimes more than once during a shift), exposure to airborne and bodily fluids, and exposure to cleaning products which have made the uniforms no longer acceptable per their standards. This led GVAS to incur \$80,380.23 in expenditures.

The necessities that were purchased to combat the COVID-19 pandemic, and the use of these supplies to benefit the community, qualifies GVAS for reimbursement under the American Rescue Plan Act.

Unfortunately, the Coronavirus Aid, Relief, and Economic Security (CARES) Act did not provide for the allocation of funding to Emergency Medical providers and these organizations were not able to be supported properly in 2020 and early in 2021. Monroe County's use of American Rescue Plan Act funding for reimbursement must accurately reflect the substantial impact that this public health crisis has had on the tourism industry. Our Monroe County Legislature aims to assist Emergency Medical providers that incurred higher-than-usual costs during the COVID-19 pandemic.

The specific legislative action required is to authorize the County Executive, or his designee, to allocate emergency grant funding in the amount of \$80,380.23 to the Gates Volunteer Ambulance Service to reimburse for expenditures incurred during throughout the COVID-19 pandemic.

This is a Type II Action pursuant to 6 NYCRR 617.5(c) (26) ("routine of continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this agreement is included in the 2021 operating budget, general fund 9001, funds center 1001030000, Local Recovery Fund.

Subject: Memorializing the New York State Legislature and the Department of Defense to Allocate Adequate Funding for the New York National Guard and the United States Congress to Draft and Pass Legislation Providing Additional Employment Benefits for National Guard Troops

Honorable Legislators:

The New York State National Guard is made up of dedicated, brave and patriotic men and women who normally live and work right here among our communities yet volunteer to put their lives on hold at a moment's notice for the betterment of our community. New York State National Guardsmen have a long history of successfully filling numerous, vital roles in Monroe County and elsewhere in our state, responding to disasters, civil disturbances and civil unrest, securing our airports, fortifying our shores, and bolstering our healthcare systems, among many other duties.

Recently in addition to their roles surrounding the protection of our communities from threats at home and abroad, the New York National Guard continues to work with county, state and federal agencies in protecting the public from the COVID-19 pandemic, often putting their own health and lives at risk.

Based on recent events there is strong indication that the New York National Guard will continue to be frequently mobilized for the foreseeable future, as recently stated by the chief of the National Guard Bureau, Gen. Daniel Hokanson, who said, "Given the uncertain future and budget priorities, we expect the Department of Defense to rely on the National Guard more, not less."

Sadly, the most recent U.S. Census Bureau data shows food insecurity among National Guard members is more than double the national rate, with nearly one in five reporting "sometimes" or "often" not having enough to eat, more than any other group. The majority of New York National Guard mobilizations are ordered by the Governor of New York State rather than President of the United States, guard members' pay and benefits are considerably lower than active-duty military, despite often having the same mission and facing the same risk.

The Monroe County Legislature believes the New York National Guard is underfunded and inadequately resourced, yet the men and women members of the Guard will continue sacrificing their comfort, well-being as well as their personal and professional lives in order to accomplish their missions. The Monroe County Legislature calls on New York State Legislature and the Department of Defense to allocate adequate funding for the New York National Guard to provide adequate staffing levels, appropriate training, fair compensation and benefits as well as other needed provisions for Guard members to accomplish their mission and maintain an acceptable level of quality of life,

Additionally, the Monroe County Legislature calls on Congress to draft and pass legislation that provides additional employment protections for Guard troops creates codified remedies to establish pay and benefit parity between Guard, reserve, and active-duty troops and ensures that Guard members are fairly compensated for mandatory work outside of regularly scheduled training both in pay as well as benefits.

Phase A improvements included the installation of flexible membrane diffusers in the unaerated selector zones of two (2) "test" aeration basins and associated modifications to the air piping, tank interior influent lines, and installation of slide and knife gates in the two (2) test basins. The results of Phase A were used as the basis of design for Phase B improvements in six (6) additional basins. Phase B improvements will include the installation of flexible membrane diffusers in the unaerated selector zones and replacement of existing ceramic diffuser discs in the aerated zones with new flexible membranes in six (6) aeration basins and associated modifications of the air piping, tank interior influent lines, valves, and slide gates. Phase B will also include the procurement and installation of two (2) new turbo blowers for the aeration system, and associated instrumentation, controls, networking, and electrical upgrades.

The Seneca Park Zoo Animal Hospital opened to the public in 2005 and remains one of relatively few zoo animal hospitals open to the public. The project, entitled "Promoting Accessibility and Guest Engagement at the Seneca Park Zoo Animal Hospital," is part of the IMLS's Inspire! Program for Small Museums. The project will address existing barriers to visitor participation and engagement in veterinary care at the Zoo by updating the educational graphics and incorporating new technology into the Animal Hospital exhibit to create a multisensory experience that engages visitors of all education levels, interests and abilities. The modernized Animal Hospital will benefit the Zoo's 400,000+ annual visitors and help accomplish its strategic goals of compelling storytelling and providing exceptional educational experiences to inspire conservation action.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a \$14,044 grant from, and to execute a contract and any amendments thereto with, the Institute of Museum and Library Services to update the guest exhibit at Monroe County's Seneca Park Zoo animal hospital for the period of September 1, 2021 through September 30, 2022.
2. Amend the 2021 operating budget of the Monroe County Parks Department by appropriating the sum of \$14,044 into general fund 9300, funds center 8804010000, Seneca Zoo Administration.
3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and make any necessary funding modifications within the grant guidelines to meet contractual commitments.

4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility") and (31) ("purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials") and is not subject to further review under the State Environmental Quality Review Act.

Funding for the local match is included in 2021 operating budget of the Parks Department, general fund 9001, funds center 8804010000, Seneca Zoo Administration. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of a Grant from the Federal Aviation Administration (Airport Rescue Grant Program) Related to the Operation and Maintenance of the Frederick Douglass - Greater Rochester International Airport

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the Federal Aviation Administration (Airport Rescue Grant Program) in the amount of \$12,061,336 for payment of expenses needed to operate and maintain the Frederick Douglass - Greater Rochester International Airport.

The Airport Rescue Grant Program, funded through the American Rescue Plan Act of 2021, allocates approximately \$8 billion in economic relief to airports to assist in the prevention of, preparation for, and response to the COVID-19 pandemic. This rescue plan provides relief from rent and minimum annual guarantees for eligible airport concessions at primary airports. In addition, the grant funding may be used to reimburse costs related to operations, personnel, cleaning, sanitization, janitorial services, combating the spread of pathogens at the airport, and debt service.

The effects of COVID-19 still continue to significantly reduce airport revenue that is generated at the Frederick Douglass - Greater Rochester International Airport to pay for necessary operational and maintenance expenses. Resolutions 163 of 2020 and 141 of 2021, both approved by Your Honorable Body, accepted \$18 million in grant funding through the Federal Aviation Administration CARES Act to assist with the payment of these expenses.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a \$12,061,336 grant from, and to execute a contract and any amendments thereto with, the Federal Aviation Administration (Airport Rescue Grant Program), for payment of expenses needed to operate and maintain the Frederick Douglass - Greater Rochester International Airport.

2. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
3. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not included new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this contract is included in the 2021 operating budget of the Monroe County Department of Aviation, Airport fund 9010, funds center 8101010000, Airport Administration, funds center 8102010000, Airport Security, funds center 8103010000, Airport Crash/Fire/Rescue, funds center 8104010000, Airport Field Operations, funds center 8105010000, Airport Custodial Operations, and funds center 8106010000, Airport Building Maintenance Operations.

This grant is 100% funded by the Federal Aviation Administration. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Authorize Intermunicipal Agreements with Municipalities for Rochester-Monroe County Youth Bureau Programs in 2021

Honorable Legislators:

I recommend that Your Honorable Body authorize intermunicipal agreements with municipalities for Rochester-Monroe County Youth Bureau Programs related to the currently approved Child and Family Services Plan in a total amount not to exceed \$184,056 for the period of January 1, 2021 through December 31, 2021. The list of municipalities, along with a description of the youth services each will provide and the breakdown of funding to each, is in Attachment A.

The Rochester-Monroe County Youth Bureau enters into approximately twenty (20) intermunicipal agreements each year. The New York State Office of Children and Family Services makes available recreation and youth services funds for all towns and villages via a pass through to local counties. Allocation ceilings are determined through a formula, based on the youth population of each town or village, provided by the state. The recreation and youth services programs to be provided are available to all youth that reside in the respective towns and villages. Recreational programs include a variety of athletic, social, artistic, and cultural events. Youth services programs include youth and family counseling, after-school programs, leadership development, and employment readiness workshops. This year's funding remains unchanged from last year's funding.

Programs will be evaluated consistently and continually through three methods utilized by the Youth Bureau, documented in its Monitoring and Evaluation Systems Procedures Manual. These methods include: 1) self-report, requiring agency submission of three (3) different self-report instruments; 2) yearly outcome evaluation assessment of contract outcomes; and 3) expenditure review. These contracts will allow for the provision of a comprehensive range of youth services and programs by the municipalities specified in Attachment A.

The specific legislative actions required are:

- 1. Authorize the County Executive, or his designee, to execute intermunicipal agreements, and any amendments thereto, with each municipality listed in Attachment A for Rochester-Monroe County Youth Bureau Programs related to the currently approved Child and Family Services Plan in a total amount not to exceed \$184,056 for the period of January 1, 2021 through December 31, 2021.
2. Authorize the County Executive, or his designee, to execute any applications, contracts, agreements and amendments thereto, with New York State and/or the municipalities listed in Attachment A to increase or decrease the agreement amount and to extend length of the agreement(s) in order to maximize state reimbursements for these purposes.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with the New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment") and is not subject to further review under the State Environmental Quality Review Act.

Funding for these agreements is included in the 2021 operating budget of the Department of Human Services, Monroe County Youth Bureau, general fund 9001, funds center 5603010000, Youth Contracts.

Funding for these agreements is 100% reimbursable by the Office of Children and Family Services. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
Monroe County Executive

Measuring program performance is accomplished by querying the agency's Management Information System (which has been maintained for over 23 years) to generate utilization, outcome and impact reports no less than quarterly which is

essential to planning, updating, revising and developing new procedures, protocols and services.

Reports compare actual outcomes to the projected outcomes and are used to inform service methodology or program objective modifications needed. These reports also identify emerging trends, changes in client demographics, geographic distribution, and service utilization. Program goals are quantified so that data can be collected and progress evaluated. The efficacy of services/activities is reflected in the impact (i.e., knowledge gained, skills developed, and behavior change) on the participant and by their direct feedback as to its relevancy. Service methodology is modified as needed to improve efficacy.
