Subject: Authorize Grant Contracts and Appropriation Transfers Pursuant the American Rescue Plan Act (ARPA)

Honorable Legislators:

I recommend that Your Honorable Body authorize grant contracts with the agencies listed in Attachment A in a total amount not to exceed \$99,956,551 pursuant to the American Rescue Plan Act ("ARPA") for terms to commence on or after January 1, 2023 and terminate on or before December 31, 2026, and to authorize appropriation transfers.

The American Rescue Plan Act of 2021 was signed into law on March 11, 2021. ARPA allocated \$1.9 trillion in emergency relief and recovery, of which \$350 billion was designated to support state, local, territorial, and Tribal governments. Monroe County is the recipient of \$144,080,127 in State and Local Fiscal Recovery Funds through ARPA.

On October 18, 2021, Monroe County launched a robust public outreach effort for Bring Monroe Back, Monroe County's Recovery Agenda. Bring Monroe Back is a plan to invest the \$144 million in ARPA funds that builds on a dozen community and government-led plans, assessments and reports that have engaged citizens, business owners and experts in their field. Using those reports, the County identified three focus areas where funding would be invested: workforce development and economic recovery; public health and public safety; and infrastructure and sustainability. A communitywide survey, testimony from community organizations and three in-person community forums and one virtual public forum were used to help the Department of Planning and Development refine a strategic vision for investing the ARPA funding.

On June 3, 2022, Monroe County issued a Request for Proposals seeking respondents who would use ARPA funding to affect positive change in the community in the three high-priority areas: workforce development and economic recovery; public health and public safety; and infrastructure and sustainability. These critical dollars will fund priorities and lay the foundation for a long-term, collaborative recovery that makes deliberate, thoughtful investments in our community and inspires transformative change.

One hundred eighty one (181) proposals were submitted for consideration and 40 applications were selected for the first round of ARPA funding.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to execute grant contracts, and any amendments thereto, with the agencies listed in Attachment A in a total amount not to exceed \$71,644,551 for terms to commence on or after January 1, 2023 and terminate on or before December 31, 2026.

2. Authorize appropriation transfers in the amount of \$99,956,551 from the Monroe County Legislature, general fund 9301, funds center 1001030000, Local Recovery Fund to the departments of:

4. Should funding of these programs be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program(s) and where applicable, to terminate or abolish some or all positions funded under such program(s). Any termination or abolishment of positions shall be in accordance with the New York State Civil Service Law, and when applicable, the terms of any labor agreement affecting such positions.

The grant contracts and appropriation transfers pursuant to ARPA includes Type II Actions pursuant to 6 NYCRR § 617.5(c)(1) ("maintenance or repair involving no substantial changes in an existing structure or facility"); (2) ("replacement, rehabilitation or reconstruction of a structure or facility, in kind, on the same site, including upgrading buildings to meet building, energy, or fire codes unless such action meets or exceeds any of the thresholds in section 617.4 of this Part"); (21) ("minor temporary uses of land having negligible or no permanent impact on the environment"); (26) ("routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment"); (27) ("conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in

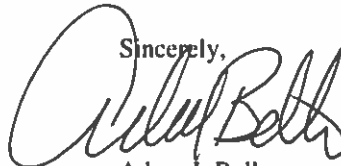

or approve such action”); (31) (“purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials”); and (32) (“license, lease and permit renewals, or transfers of ownership thereof, where there will be no material change in permit conditions or the scope of permitted activities”) and is not subject to further review under the State Environmental Quality Review Act.

The grant contracts and appropriation transfers pursuant to ARPA includes four (4) Unlisted Actions (MAPP/PROJECT PHOENIX; Deaf Refugee Advocacy Community Connection; Youth Mentoring and Family Support in Monroe County; and VOA’s Hydroponic Farm). The provisions of the New York State Environmental Quality Review Act shall be complied with prior to Your Honorable Body undertaking, funding, or approving these actions.

Funding for these grant contracts will be included in the 2022 operating budget of the Department of Planning and Development once the appropriation transfers are authorized. No additional net County support is required in the current Monroe County budget.

Each of these contractors has been reviewed for not-for-profit corporate status and the records in the Office of the Monroe County Treasury have indicated that none of these agencies owe any delinquent Monroe County property taxes.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello

Subject: Acceptance of Grants from the New York State Department of Environmental Conservation Municipal Zero-Emission Vehicle Infrastructure Grant Project

Honorable Legislators:

I recommend that Your Honorable Body accept grants from the New York State Department of Environmental Conservation ("NYSDEC") in the total amount of \$248,360 for the Municipal Zero-Emission Vehicle Infrastructure Project.

Monroe County was awarded these grants as part of an initiative by the NYSDEC to increase the number of Zero Emission Vehicles ("ZEV") on the road by installing charging stations throughout the State.

The program, led by the Monroe County Department of Environmental Services, will involve installing ZEV Charging Stations at various County facilities for use by both the County and the public. The grants require that the stations be Level 2 Charging Stations, which equate to a full-vehicle charge in eight (8) hours. Dual charging stations will be installed at up to four (4) of the following sites: MCC Brighton Campus, MCC Downtown Campus, Webster Park, and Churchville Park. This is the second time the County has received these grants.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept grants in the total amount of \$248,360 from, and to execute contracts and any amendments thereto with, the New York State Department of Environmental Conservation for the Municipal Zero-Emission Vehicle Infrastructure Project.
2. Amend the 2022 operating budget of the Department of Environmental Services by appropriating the sum of \$248,360 into internal services fund 9020, funds center 8675010000 Fleet Maintenance.

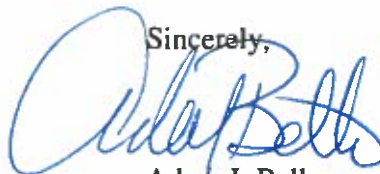

3. Authorize the County Executive to appropriate any subsequent years of the grant awards in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within the grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(3) (“retrofit of an existing structure and its appurtenant areas to incorporate green infrastructure”); (9) (“construction or expansion of a primary or accessory/appurtenant, non-residential structure or facility involving less than 4,000 square feet of gross floor area and not involving a change in zoning or a use variance and consistent with local land use controls, but not radio communication or microwave transmission facilities”); and (31) (“purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials”), and is not subject to further review under the State Environmental Quality Review Act.

These grants require a 20% local match. Funding for this match is included in the 2022 operating budget of the Department of Environmental Services, internal services fund 9020, funds center 8675010000, Fleet Maintenance. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Acceptance of Furniture and Equipment from the University of Rochester for
Creating Breastfeeding Friendly Communities

Honorable Legislators:

I recommend that Your Honorable Body accept furniture and equipment from the University of Rochester with an estimated value of \$8,000 for Creating Breastfeeding Friendly Communities.

The University of Rochester is administering a New York State Department of Health ("NYSDOH") grant entitled Creating Breastfeeding Friendly Communities. Through this grant the University of Rochester has funded breastfeeding support groups throughout the County, and has worked with many health care providers to enable them to become Breastfeeding Friendly Designated providers. The program is especially focused on the City of Rochester and Town of Greece, per state mandate, as residents that reside in these communities have the lowest breastfeeding rates in Monroe County.

The furniture and equipment will assist the County to become recognized as a Breastfeeding Friendly Worksite. To date, several private and public employers have either received recognition or are in the final stages of the process. Monroe County initially discussed working on the recognition a few years ago, but the efforts were delayed by the pandemic. The County has resumed efforts to achieve the recognition as a Breastfeeding Friendly Worksite through the development of good policies and practices for all employees.

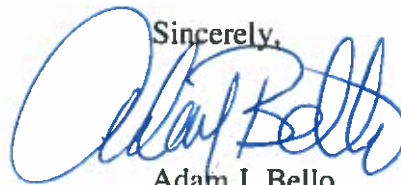

The specific legislative action required is to authorize the County Executive, or his designee, to accept furniture and equipment with an estimated value of \$8,000 from the University of Rochester for Creating Breastfeeding Friendly Communities.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(31) (“purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials”) and is not subject to further review under the State Environmental Quality Review Act.

Acceptance of the furniture and equipment will have no impact on the revenues or expenditures in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend Resolution 425 of 2020 to Amend the Contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. for Professional Design Services for the Monroe County Climate Action Plan

Honorable Legislators:

I recommend that Your Honorable Body amend Resolution 425 of 2020 to increase the contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C. ("Bergmann") from the amount of \$97,820 to the amount of \$380,520 for additional professional design services for the Monroe County Climate Action Plan ("CAP"), and to extend the contract through December 31, 2022, with the option to extend for two (2) years at no additional cost.

On March 10, 2020, Your Honorable Body authorized the creation of a CAP Advisory Committee for the express purpose of creating the Monroe County CAP (Resolution 76 of 2020). This was followed by further related actions taken by Your Honorable Body to appoint members of the Committee (Resolution No. 167 of 2020), authorizing the execution of the referenced contract with Bergmann, adoption of the New York State Climate Smart Communities Resolution (Resolution 260 of 2020), and acceptance of a grant from the New York State Department of Environmental Conservation under the Climate Smart Communities program to support the development of the CAP (Resolution 111 of 2022).

Resolution 425 of 2022 authorized Bergmann to provide professional design services for Phase I of the CAP, which focuses on internal Monroe County operations. Phase II of the CAP will focus on community-wide actions and is anticipated to be completed by the end of 2023.

The specific legislative action required is to amend Resolution 425 of 2020 to increase the contract with Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C., 280 East Broad Street, Suite 200, Rochester, New York 14604, from the amount of \$97,820 to the amount of \$380,520 for additional professional design services for the Monroe County Climate Action Plan, and to extend the contract through December 31, 2022, with the option to extend for two (2) years at no additional cost.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(24) (“information collection including basic data collection and research, water quality and pollution studies, traffic counts, engineering studies, surveys, subsurface investigations and soils studies that do not commit the agency to undertake, fund or approve any Type I or Unlisted action”); (27) (“conducting concurrent environmental, engineering, economic, feasibility and other studies and preliminary planning and budgetary processes necessary to the formulation of a proposal for action, provided those activities do not commit the agency to commence, engage in or approve such action”) and is not subject to review under the State Environmental Quality Review Act.

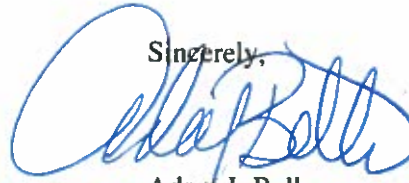

Funding for this contract, consistent with authorized uses, is included in the operating budget of the Department of Environmental Services, general fund 9001, funds center 8301010000, Engineering Administration.

The records in the Office of the Monroe County Treasury have indicated that neither Bergmann Associates, Architects, Engineers, Landscape Architects & Surveyors, D.P.C, nor any of its principal officers, owe any delinquent Monroe County property taxes. The principal officers of the firm are:

Joseph Dopico, President
Richard Chelotti, Vice President
Glenn Harvey, Vice President

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend Intermunicipal Agreements between the Irondequoit Bay South Central Pure Waters District and the Town of Webster

Honorable Legislators:

I recommend that Your Honorable Body amend the Construction Agreement for Engineering and Construction between the Town of Webster and the Irondequoit Bay South Central Pure Waters District ("IBSCPWD") (the "Construction Agreement") and an Operating Agreement between the IBSCPWD and the Town of Webster (the "Operating Agreement"), collectively referred to as the "Intermunicipal Agreements" or "IMA."

By Resolution 308 of 2001, Your Honorable Body authorized the County Executive to execute intermunicipal agreements with the Town of Webster to share the costs of design and construction of a sanitary collection sewer system along Bay Road and Lake Road in the Town of Webster and for sanitary sewage treatment and transmission services. The Construction Agreement dated November 27, 2001, pertains to the sharing of cost of design and construction. The Operating Agreement last dated January 22, 2002, as amended by that certain Amendatory Agreement #1 dated March 31, 2004, pertains to the treatment and transmission. These IMA resulted in the project entitled the "Webster Sandbar Sewer and Watermain Extension" that was constructed in 2004.

The verbiage within the agreements requires clarification that all right, title and interest in the gravity sewer referred to in the IMA shall be vested in the Town. In addition, items regarding future cost shares of sewer repairs and wastewater flow data between the Town of Webster and IBSCPWD will be clearly defined in the amendment.

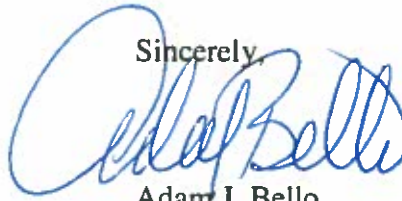

The specific legislative action required is to authorize the County Executive, or his designee, to amend the intermunicipal agreement between the Town of Webster and the District to clarify title of gravity sewers and operation and maintenance terms.

This action is a Type II Action pursuant to 6 NYCRR §617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to review under the State Environmental Quality Review Act.

These intermunicipal agreements will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Subject: Amend Intermunicipal Agreements between the Irondequoit Bay South Central Pure Waters District and the Town of Webster

Honorable Legislators:

I recommend that Your Honorable Body amend the Construction Agreement for Engineering and Construction between the Town of Webster and the Irondequoit Bay South Central Pure Waters District ("IBSCPWD") (the "Construction Agreement") and an Operating Agreement between the IBPSCPWD and the Town of Webster (the "Operating Agreement"), collectively referred to as the "Intermunicipal Agreements" or "IMA."

By Resolution 308 of 2001, Your Honorable Body authorized the County Executive to execute intermunicipal agreements with the Town of Webster to share the costs of design and construction of a sanitary collection sewer system along Bay Road and Lake Road in the Town of Webster and for sanitary sewage treatment and transmission services. The Construction Agreement dated November 27, 2001, pertains to the sharing of cost of design and construction. The Operating Agreement last dated January 22, 2002, as amended by that certain Amendatory Agreement #1 dated March 31, 2004, pertains to the treatment and transmission. These IMA resulted in the project entitled the "Webster Sandbar Sewer and Watermain Extension" that was constructed in 2004.

The verbiage within the agreements requires clarification that all right, title and interest in the gravity sewer referred to in the IMA shall be vested in the Town. In addition, items regarding future cost shares of sewer repairs and wastewater flow data between the Town of Webster and IBSCPWD will be clearly defined in the amendment.

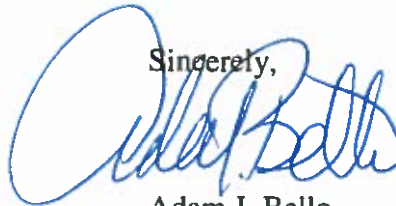

The specific Administrative Board action required is to authorize the County Executive, or his designee, to amend the intermunicipal agreement between the Town of Webster and the District to clarify title of gravity sewers and operation and maintenance terms.

This action is a Type II Action pursuant to 6 NYCRR §617.5(c)(26) (“routine or continuing agency administration and management, not including new programs or major reordering of priorities that may affect the environment”) and is not subject to review under the State Environmental Quality Review Act.

These intermunicipal agreements will have no impact on the revenues or expenditures of the current Monroe County budget.

I recommend that this matter receive favorable action by the Administrative Board of the Irondequoit Bay South Central Pure Waters District.

Sincerely,

Subject: Acceptance of a Grant from the New York State Division of Criminal Justice Services for the Raise the Age Legislation

Honorable Legislators:

I recommend that Your Honorable Body accept a grant from the New York State Division of Criminal Justice Services in the amount of \$2,329,133 for the Raise the Age Legislation for the period of April 1, 2021 through March 31, 2022.

Raise the Age legislation was enacted with a number of objectives. It aims to reduce crime victimization; provide meaningful opportunity for a life without the stigma of a criminal record for adolescents who turn away from crime; eliminate the disproportionate incarceration of 16- and 17-year-olds of color in adult jails and prisons; reserve the juvenile placement system for only those young people who present a risk to public safety; and create therapeutic out-of-home placement settings for young people who do not present a risk to public safety.

In order to achieve these objectives, the Monroe County Office of Probation – Community Corrections has developed a Comprehensive Plan that utilizes a combination of increased staff resources, specialized training, and expanded community programs and services.

Implementation of the Comprehensive Plan will reduce the reliance on out-of-home placement, reduce the reliance on detention, reduce the need for family court adjudication, increase the adjustment rate of diversion cases, reduce the rate of probation violations, reduce the rate of long-term recidivism, and arrange for community-based services to improve outcomes for youth.

The specific legislative actions required are:

1. Authorize the County Executive, or his designee, to accept a \$2,329,133 grant from, and to execute a contract and any amendments thereto with, the New York State Division of Criminal Justice Services for the Raise the Age Legislation for the period of April 1, 2021 through March 31, 2022.
2. Amend the 2022 operating budget of the Department of Public Safety, Office of Probation and Community Corrections, by appropriating the sum of \$1,777,568 into general fund 9300, funds center 2403020100, Juvenile Services Family Division.

3. Authorize the County Executive to appropriate any subsequent years of the grant award in accordance with the grant terms, to reappropriate any unencumbered balances during the grant period according to the grantor requirements, and to make any necessary funding modifications within grant guidelines to meet contractual commitments.
4. Should funding of this program be modified or terminated for any reason, the County Executive is hereby authorized to terminate or modify the program and, where applicable, to terminate or abolish some or all positions funded under such program. Any termination or abolishment of positions shall be in accordance with New York State Civil Service Law and, when applicable, the terms of any labor agreement affecting such positions.

This action is a Type II action pursuant to 6 NYCRR §617.5(c)(26) ("routine or continuing agency administration and management, not included new programs or major reordering of priorities that may affect the environment") and is not subject to review under the State Environmental Quality Review Act.

Partial funding for grant is included in the 2022 operating budget of the Department of Public Safety, Office of Probation and Community Corrections, general fund 9300, funds center 2403020100, Juvenile Services Family Division. The appropriated amount will adjust the current funding to that established by the grant.

This grant is 100% funded by the New York State Division of Criminal Justice Services. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Subject: Amend the 2022-2027 Capital Improvement Program and the 2022 Capital Budget to Add a Project Entitled "Sheriff's Body Worn Camera and Less Lethal Weapon Project" and Authorize Financing for the Project

Honorable Legislators:

This matter is being referred to Your Honorable Body at the request of Sheriff Todd K. Baxter.

I recommend that Your Honorable Body amend the 2022-2027 Capital Improvement Program and the 2022 Capital Budget to add a project entitled "Sheriff's Body Worn Camera and Less Lethal Weapon Project" in the amount of \$800,000 and authorize financing for the project in the amount of \$800,000.

Currently the Sheriff's Office has 90 body worn cameras assigned to the road patrol and 40 assigned in the jail. The cameras have proven effective to demonstrate transparency to the community, improve evidentiary outcomes and enhance the safety of interactions between deputies and the public. The new capital project will allow the Sheriff's Office to deploy additional cameras and sustain their continued use across all bureaus of the agency, as well as dash cameras for the road patrol vehicles. The Sheriff's Office would also like to deploy additional less than lethal devices across all bureaus; currently the Sheriff's Office has 199 units deployed. Each of these pieces of technology have a life expectancy of up to five (5) years. Going forward the Sheriff's Office would schedule to replace 20% of this equipment every year as they age out, allowing them to maintain consistent and effective deployment.

This project is scheduled to be considered by the Monroe County Planning Board on October 27, 2022.

The specific legislative actions required are:

1. Amend the 2022-2027 Capital Improvement Program to add a project entitled "Sheriff's Body Worn Camera and Less Lethal Weapon Project" in the amount of \$800,000.
2. Amend the 2022 Capital Budget to add a project entitled "Sheriff's Body Worn Camera and Less Lethal Weapon Project" in the amount of \$800,000.

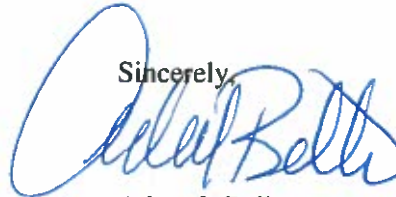

3. Authorize financing for the project entitled "Sheriff's Body Worn Camera and Less Lethal Weapon Project" in the amount of \$800,000.

This action is a Type II Action pursuant to 6 NYCRR § 617.5(c)(31) ("purchase or sale of furnishings, equipment or supplies, including surplus government property, other than the following: land, radioactive material, pesticides, herbicides, or other hazardous materials") and is not subject to further review under the State Environmental Quality Review Act.

Funding for this project, consistent with authorized uses, will be included in the capital fund to be created, and in any other capital fund(s) created for the same intended purpose. No additional net County support is required in the current Monroe County budget.

I recommend that this matter be referred to the appropriate committee(s) for favorable action by Your Honorable Body.

Sincerely,

Adam J. Bello
